

CERTIFICATE OF ANALYSIS

PRODUCT NAME: **Incognito**® VARIETY: **Citra**® HBC 394 c.v. DAYCODE: **22101211**

Description

Incognito® is a flowable variety-specific extract of hops that provides enhanced hop flavor and aroma to beer while reducing kettle or whirlpool hop pellet use.

Storage

Incognito® stability is significantly enhanced when stored cold at 0-5 °C (32 – 41 °F). Under these conditions, Incognito® is stable for 24 months. Shelf-life considerations are different for Incognito® packages that have been opened once and stored at recommended temperatures. In this case, Incognito® should be used within 6 months after opening if the total age of the contents does not exceed 24 months.

<u>Characteristic</u>	<u>Specification</u>	<u>Value</u>	<u>Method</u>
Appearance:	Yellow to amber color	Passed	Visual
Assay, As alpha-acids by HPLC (w/w)	Report results	50.74 %	HPLC using current ICE
Total Oil content	Report results	16.2 ml/100g	Steam Distillation

Pesticide residues are monitored in hop products under our new BarthHaas Quality Control Guarantee. For more information on this program, please visit our website at, www.BarthHaas.com.
