

CERTIFICATE OF ANALYSIS

PRODUCT NAME:
HopKick®

LOT NUMBER:
PK000147

PRODUCTION DATE:
11-Sep 2023

Description

HopKick® is a 100% hop-derived aqueous extract that is clear, flowable, variety specific, and true-to-type. HopKick is designed for addition to the cold side of beverage operations to achieve the greatest impact of flavor and aroma.

Storage

HopKick® should be stored at or below 5 °C (41 °F) unopened. Shelf-life evaluation of HopKick indicates that the product is stable for nine (9) months. We recommend using the whole container in one use and/or within a few days once opened to ensure optimal results.

<u>Characteristic</u>	<u>Specification</u>	<u>Value</u>	<u>Method</u>
Appearance:	Clear to opaque in nature; some color variation possible	Meets	Visual
Character:	True-to-type	Meets	Sensory
Hop Acids (α -acids + iso- α -acids)	< 1 %	Meets	HPLC
